2. Page B-3

Following: line 21

Insert: "Public Health and Safety Division
Tobacco Prevention Activities includes \$90,000 each year of the
biennium for each of the eight Montana tribes. The funding must
be used for tribal tobacco use prevention programs that meet the
same requirements as other community-based contractors providing
tobacco use prevention programs"

Explanation: This amendments would segregate \$720,000 in tobacco
use cessation and prevention funds from other tobacco use
cessation and prevention funds to support tribal tobacco
prevention and cessation programs. Funding for the programs is
not increased but a portion of the funding is restricted to use
by the tribal programs.
